Exceptions

- 3. in respect of persons younger than 21 or older than 70;

Additional benefits

Keys and Locks

The existing Additional Benefit 'Keys and Locks' is deleted and replaced with the following:

Where any key giving access to *Your Vehicle* is stolen or believed on reasonable grounds to have been duplicated without proper authority, this insurance extends to include the costs reasonably incurred in altering or replacing locks or replacing their keys. Any payment will be limited to \$250 in any period of cover. Any claim made under this benefit will not be subject to an *Excess*. All other policy terms, conditions and exceptions shall apply.

Variations to cover

No Claims Bonus Entitlement

The existing 'No Claims Bonus Entitlement' variation is deleted to remove the requirement to provide proof of a no claims bonus or pay an additional \$300 excess in the event of a claim. This does not remove any no claims bonus entitlement you may have.
